### What Our Customers Say!

We had always heard of RoofKing's great reputation. We decided to give them a try, and boy am I glad that we did! RoofKing took care of all our insurance claim, and all the construction and just did a wonderful job!

I thought that our building would be too large for a reasonably priced roofing company. RoofKing proved me wrong. Our building looks amazing. Thanks RoofKing!

After Hurricane Ike, we learned that we needed a new roof. The insurance company refused to pay the claim. The last thing we needed was the cost involved in a new roof. We were pleasantly surprised with how easy RoofKing made it! they battled with our insurance company for nine months, and the insurance company finally paid the claim! We are glad we found RoofKing. Thank you, Grady!

The roofers just left, roof looks great and yard is cleaned up, they even replaced the water in the cats' drinking bowl. Good job from your crew!
